

CitySprouts Summer Youth Internship at the Cambridge Upper Schools

Session One: June 26- July 21

Session Two: July 24- August 18

All sessions run MONDAY through FRIDAY 9am-1pm

The CitySprouts Summer Youth Internship runs for four weeks and is open to 11-14 year olds. The internship is free, and youth who complete it *fully* receive a \$100 stipend. Youth must be available for either all of session one or all of session two.

As a CitySprouts Intern you will:

- Grow and cook food from the garden
- Build teamwork and leadership skills
- Do science experiments
- Eat lunch with your team every day
- Learn about and act on social justice issues
- Spend lots of time outside

Identify as a girl? Interested in joining Science Club for Girls FREE summer program?

SCFG STEMinistas will work in teams creating an invention to solve a human issue, based on the natural world! Any girl who participates in CitySprouts (at any site) is eligible to join STEMinistas.

STEMinistas will meet at PAUS M-Th from 1:30-3:30 for two weeks of City Sprouts program. Interested? Check this box

Summer Youth Internship Application 2017

Students, please read the list below and be sure you have completed everything on the checklist:

- I have read all of the information in this application
- My parent or guardian completely filled out the “parent/guardian” part of the application & signed the application form
- I answered the essay question below
- I am available to participate in the entire session
- I understand that, if I am accepted as an intern and decide to do the program I must and follow program rules
- Return this application to your school library by May 5th

Growing food in the garden is fun, but it's also hard work! Are you ready to be outside, show up on time, and work as part of a team? We want to make sure we can count on you. Please write at least one paragraph that tells us two reasons that you're amazing and should be a CitySprouts intern, and one thing you hope to improve at this summer.
